

How to Measure Your Room

If you do not have any drawings, please inform us your floor layout or measurements by referencing to A or B below.

A : Measure required areas after taking some photos in a room.

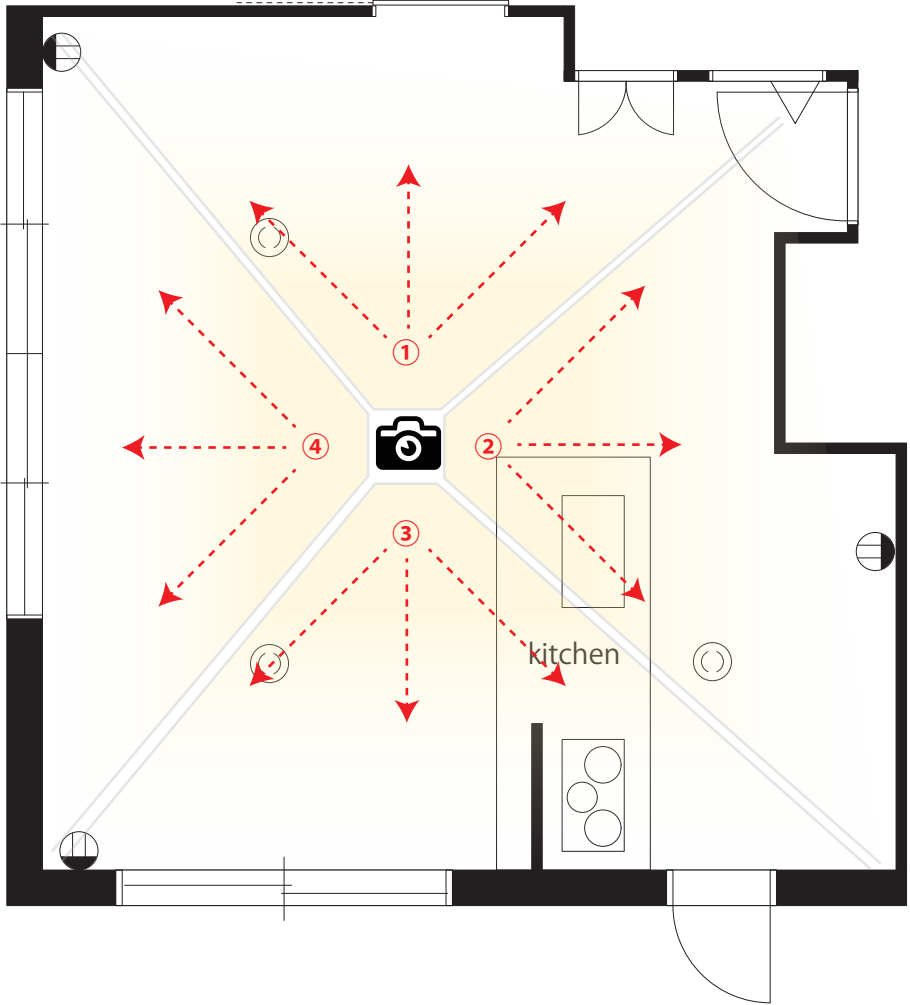

Please take some photos so whole part of a room is in a frame as shown in the right figure, and send them us.

We will let you know places necessary to be measured.

After measurement, please let us know the results.
(Please describe in centimeters for dimensions.)

Please take photos as whole part from floor to ceiling is in a frame like this.

B : Measure an entire room.

Please measure an entire room.

Let us know the results of measurement.
(Please describe in centimeters for dimensions.)
